Strategic target for 2022

The pre-eminent integrated health resort in Germany

- Integrated Expanding and using network benefits
- Holistic Interdisciplinary, with medicine, therapy, destinations and tourism excellence
- Health Health promotion with all the senses, tangible, individual and in outstanding quality

4 future market segments ...

- Staying healthy
- Becoming healthy
- Better quality of life with chronic conditions
- Lifestyle / looking young or looking better

... and 4 ways to get there

- Digitalisation
- Marketing
- Infrastructure
- Innovative services

Spa towns as "all-inclusive health resorts"

Consideration of the following characteristics

- Creating a holistic, multi-optional "interactive world" with "health" at its core
- Dismantling access barriers (time, money, stress)
- Consistent implementation / density
- Accessible communications model
- "Health" needs to convey positive connotations

Health tourism 2.0 – Health & happiness in Bad Pyrmont

A nuanced appreciation of health

- A holistic appreciation of health
- Thematic diversity
- Diversity of services
- Event character
- picking up on trends and current discussions of health issues

Flexibility and suitable offers for all age groups

How do we put these ideas into practice?

- Coordinated times with breakfast and dinner
- Two to three courses in the mornings and evenings
- Each lasting 30 to 45 minutes
- Varying intensity of the courses
- Licensed trainers
- New programme twice a year
- Highlights in the spa town / Using the circumstances

Flexibility and attractive offers for all age groups - A balanced mix

Time/day	Monday	Tuesday
09:30 – 10:15 am	Barbell training	X-Co walking
10:30 – 11:00 am	Yoga	Flexi Bar
6:45 – 7:30 pm	Aqua zumba	Running for beginners
7:30 – 8:00 pm	Tai chi	Qui gong

The programme will be developed continuously to reflect emerging trends

- Small, special details to satisfy more discerning customers
- Give-aways
- Addition of new courses and contents to grow the programme
- Combined courses

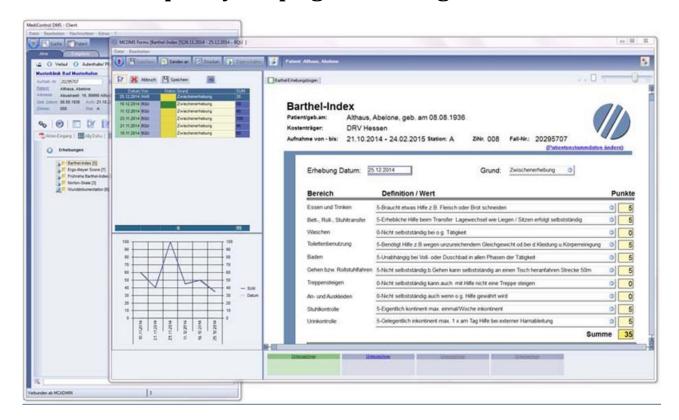

Innovation - Digitisation to enhance quality in spa guest management

- Rheumanetzwerk Weserbergland e.V.

Ex-Bundeskanzler Gerhard Schröder fordert eine neue Ostpolitik. Frank Ossenbrink

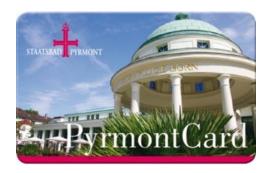

Das niedersächsische Staatsbad Pyrmont war für zwei Tage Schauplatz von deutsch-russischen Wirtschaftsgesprächen. Vertreter aus Politik und Wirtschaft beider Länder forderten, neues Vertrauen aufzubauen, die Beziehungen zu normalisieren sowie Wirtschaftskooperationen zu fördern. The conference / MICE segment will continue to be expanded together with the outstanding establishments and the interdisciplinary expertise from the hotel business and healthcare industry

Field of action 2: Integrated guest relationship & marketing management

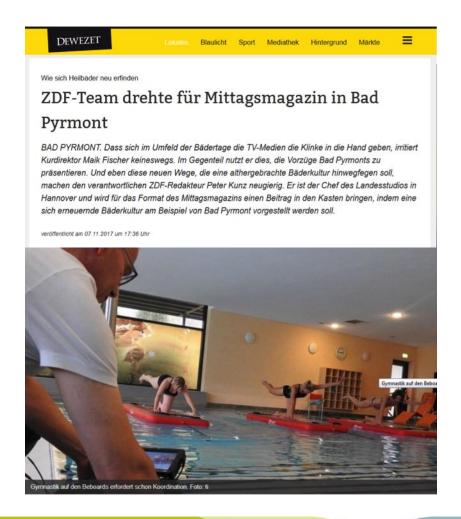

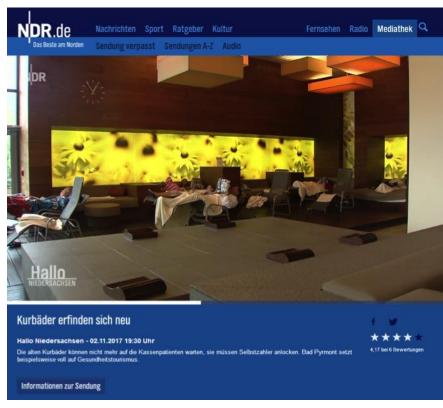

Field of action 2: Integrated guest relationship & marketing management

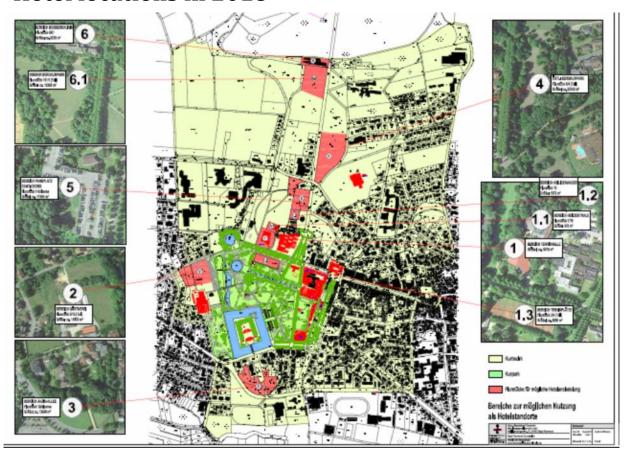

Field of action 3: Development, infrastructure & sustainability

Hotel locations in 2018

Field of action 4: Efficiency & State of Lower Saxony as a partner

Successive reduction in loss allocations and the improvement of results have a high priority

- Active earnings and cost management
- Multi-perspective control
- Opportunity and risk management
- Compliance

Field of action 5: Employer attractiveness and HR management
